

Seminar

On

“Information Security”

Tech Craft Corps Club of the Department of Computer Applications organized a Seminar on “**Information Security**” on 6th March 2017. The learned scholar Dr. Renu Dhir, Department of Computer Science & Engineering, NIT, Jalandhar was the resource person. In the first technical session, she discussed important aspects of Information Security and then highlighted traditional and modern approaches used for security, different attacks and security goals in security services. In the second technical session, she focused on Modular arithmetic importance for Cryptography. The Seminar was very informative and well appreciated by the students and faculty members.
