Dear Authors,
We are happy to inform you that your book chapter title "Speckle Reduction in Ultrasound Images using Hybridization of Wavelet based Novel Thresholding Approach with Guided Filter" has been accepted with minor revision for the publication in Book Title "Advance Concepts of Image Processing and Pattern Recognition: Effective Solution for Global Challenges" on Springer. The detailed comments are mentioned below, you are requested to address all the comments and send your revised manuscript by July 15, 2021.

Comments:

1. Chapter should include Title page (Title, Author(s), Affiliations and Email ID of corresponding author)
2. Similarity Index must be less than 10% overall and maximum 5% from single source (Please see the attached plagiarism report)
3. Chapter must be according to guidelines, please check the link for more details (<https://www.springer.com/gp/authors-editors/book-authors-editors/your-publication-journey/manuscript-preparation/#c3324>)
4. There should be minimum 30 references and all must be cited in the chapter
5. Chapter should include all the figures and tables captioned properly
6. If you have not drawn the figure, then please take the permission from the respective author
7. Figures should be of clear quality with high resolution and numbered consecutively e.g. Fig. 1, Fig. 2 with the proper captions
8. Tables should be numbered consecutively e.g. Table 1, Table 2 with the proper captions
9. Recommended to use Grammarly Tool to check grammar of the chapter
10. Submit your revised chapter in doc format at : kkumar@ah.itr.ac.in

Thanks and Regards,
Krishna Kumar
