❖ Awareness about Government Scheme

The Global Group of Institutes, Amritsar organized an activity for awareness of government scheme such as (Beti Bachao Beti Padhao scheme, Samantha Scheme, Aatam Nirbhar Abhayan, and PM Mudra Yojana etc.) among the villagers from 01/11/2021 and 02/11/2021. This activity was undertaken by Prof. Charanjeet Singh with his fellow colleagues. Spokesperson, Prof. Charanjeet Singh initiated the activity. The aim of this activity was to give new ideas of development to the villagers which would improve their living conditions. Government Schemes are launched by the government to address the social and economic welfare of the citizens of the nation. These schemes play a crucial role in solving many socio-economic problems that besets Indian society, and thus their awareness is a must for any concerned citizen.

The orator explained about the different schemes that the government has introduced for the betterment of citizens like **Pardhan Mantri Beti Bachao Beti Padhao** is a national initiative run by a tri-ministerial effort of Ministries of Women and Child Development, Health & Family Welfare and Human Resource Development. The scheme strives to address various discriminations faced by the girls in the society and change the negative mindset of the citizens for girls. **Amrut Scheme** was launched in 2015 by the Health Ministry as an Affordable Medicines and Reliable Implants for Treatment. Under the **AMRUT Scheme**, medicine outlets will be opened across India to cater medicines at very low costs i.e. the other schemes were also discussed in detail. He also elaborated on the benefits of different schemes to the masses and solved their queries and misconceptions regarding different schemes. Mindset of people changed with the enthusiastic speech delivered by the Orator. It was really an amazing and interactive activity. All the villagers present there were pleased to attend the activity. Many of

them actively participated in various discussions and cleared their queries. Some of the glimpses of the activity have been shown below:
