

## CSI Student Chapter of Dept. of Computer Science & Engineering Organized Workshop HTML Starter

CSI Student Chapter of Department of Computer Science & Engineering Conducted One Week Workshop HTML Starter exclusively for its student-member from March 06-10, 2017. The objective of the workshop was to introduce HTML to those student-members, who were unfamiliar with basic HTML. The workshop covered important topics for webpage creation like tables, images, hyperlink and forms etc. The students listened and carried out exercises very enthusiastically and were very interactive with the trainers.
